Serial No: 10/620,641 Examiner: Basi, N.S.  
Filing Date: July 16, 2003 Group: 1646  
Inventors: Wayne V. Vedeckis *et al.*  
Title: Human Blucocorticoid Receptor 1A Promoter and Splice Variants  
Atty Docket: Vedeckis 97M20-D

Commissioner for Patents

**INFORMATION DISCLOSURE STATEMENT**

In accordance with the duty of candor and good faith imposed by 37 C.F.R. §1.56 and means of complying therewith according to 37 C.F.R. §§1.97 and 1.98, the references listed on the attached Information Disclosure Citation are called to the attention of the United States Patent and Trademark Office in connection with the above-identified patent application. The references are either U.S. patent documents, or were cited in prior application Serial No. 09/552,619, now issued as U.S. Patent 6,649,341, and therefore copies are not enclosed, as permitted by 37 C.F.R. § 1.98(d). No admission is made that the cited art represents the prior art or that the cited art is the most material art.

The Office's attention is also respectfully directed to the prosecution history of "parent" application 09/552,619, now issued as U.S. Patent 6,649,341, from which priority is claimed.

The Office is urged to consider the cited references and to make an independent decision with respect to their materiality.

Respectfully submitted,
